Kanpur, India

SUMMARY

BCA student at Dayanand Academy of Management Studies, Kanpur (affiliated with CSJMU), graduating in 2026. Passionate about technology with strong foundations in web development (HTML, CSS, JavaScript, React, Node.js, MongoDB), and currently expanding into backend and AI-based solutions. Experienced in building MERN stack applications and exploring innovative project ideas, including AI-powered tools for productivity and communication. Committed to continuous learning through coding challenges, DSA practice, and hands-on projects. Adept at problem-solving and eager to contribute to impactful software development teams.

EDUCATION

Bachelor of Computer Applications (BCA)

Dayanand Academy of Management Studies

08/2023 - 05/2026 Kanpur

PROJETS

WhatsApp AI Bot (2025)

Developed a personal WhatsApp AI assistant with Google Gemini 2.5 Flash integration.

Used whatsapp-web.js for real-time messaging and Node.js/Express.js for backend APIs.

Configured environment variables securely (.env) to store API keys and session data.

Implemented casual Hindi-English conversational responses for natural interaction.

GitHub: <https://github.com/Samay2006/whatsapp-ai>

AI Chat Bot (2025)

Created an AI-powered chatbot leveraging OpenAI API for semantic understanding and real-time responses.

Built with React.js frontend and Node.js/Express.js backend.

Implemented JWT-based authentication and user-specific conversation history.

Deployed using MongoDB Atlas and Render.

Live Location Tracker – Backend (2025)

Built a real-time location tracking system using Node.js, Express.js, MongoDB Atlas, and Socket.IO.

Enabled dynamic location updates for multiple users via backend sockets.

Live Demo: <https://location-tracker-zney.onrender.com>

YouTube Backend (In Progress)

Developing backend services for a YouTube-style platform on the MERN stack.

Implemented JWT and Cookies-based authentication, user subscriptions, and media uploads with Cloudinary.

CERTIFICATION

MERN Stack Complete Workshop

Certificate obtained for completing the MERN Stack Complete Workshop

Certificate Course on Computer Concepts (CCC)

Certification for completing the Certificate Course on Computer Concepts
